

Motorbike Paint

LTD

Farécla G4 Paste is a specially developed compound for use on high solids paint and solid surfaces

Removes flattening marks and provides a high gloss finish . . .

HOW TO USE FARÉCLA G4 RUBBING COMPOUND:-

Preparing the surface:

- Ensure that the paint surface is fully cured, clean and wax free
- Where necessary remove the defect in the top coat with a fine grade abrasive paper

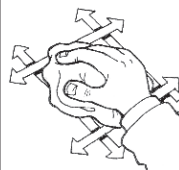

Restoring the gloss:

- Using a damp cloth, rub G4 with firm pressure in straight backwards and forwards motions
- Change direction on a regular basis to ensure even coverage

Final Finishing:

- Finish off by using light pressure and water only
- Remove any residue with a clean cloth
- Buff the paint surface with a soft, dry cloth to achieve a smear-free, high gloss finish.

Further Farécla products are also available at RS Bike Paints.
